OSR CATEGORY IN OFFSHORE RACES

PROPOSAL

Green Book Notice of Race 2.2.d be re-written to read: World Sailing Offshore Special Regulations Category 3 with life raft.

RATIONALE

The submission is entered to ensure that the offshore races are always with a liferaft. Sailing an offshore race without a liferaft is a risk ORC should not endorse. For Inshore races the OA and ORC can always decide that the liferaft may be left ashore, eg., that the liferaft is only mandatory for the long and short (coastal) offshore races.
