## ORCmh RULE PROMOTION

---

### ***PROPOSAL***

Task the ORC Promotion Committee to actively promote ORCmh rule actively in northern European countries, federations, sailors and organizers to give a good alternative to local and legacy ratings for multihulls.

### ***RATIONALE***

After having heard about the progress on the technical side we believe it is now time to actively propose an alternative to the local multihull rules and really be able to allow multihull sailors to race across borders against other countries' fleets using the same rating system.
