

Reporting committee **OFFSHORE CLASSES AND EVENTS COMMITTEE**

TECHNICAL COMMITTEE CHAIRMAN

PROPOSAL

Amend Rule 4.2 of the ORC Green Book to specify that the Technical Committee must be chaired by a technical expert selected in agreement with the National Authority of the host nation.

RATIONALE

In nations with well-structured federations and a significant number of measurers, it is advisable for the Technical Committee Chair to be a measurer from the host nation. This approach would foster an overall improvement in technical standards at both the local and broader levels.
